The Sustaining Firm Program is a unique partnership arrangement with the only Society to represent all engineers in New Jersey, in every specialty and in every area of practice.

As part of this partnership, you will receive periodic updates on legislation, regulations, and seminars. You can also receive discounts on NJSPE programs and publications.

Most importantly, you can expose your company to thousands of middle- and upper-level management engineers. These are the men and women with the authority and influence to purchase your product or service.

Read on to learn more about NJSPE's Sustaining Firm program-this is an opportunity you can't afford to pass up!
