September 2012

Dear Fellow Engineers in Construction

I hope everyone has had a safe and enjoyable summer. I welcome you back to what we believe will be an informative year of growth for the PEC of NJ.

We are continuing with our goal set last year of providing technical presentations throughout the year, in addition to our regular program. Our plan is to provide presentations that are more technical in nature so as to provide useful learning as well as helping to satisfy PDH requirements.

Our program will commence this year on September 27th, 2012, with our first technical presentation by Applied Foundation Testing on STATNAMIC Load Testing, followed by our fall meeting on October 23rd, 2012, which will also include a technical presentation by GRL on Wave Equations, PDAs, and CAPWAP analyses. Of course, in addition to our regular meetings and technical presentations, we will be having our Unity Dinner and Bonhag Dinner Dance, where we will once again honor our Construction Engineer of the Year and present our Sol Seid Scholarship Award.

The PEC has been able to attract a diverse group of interests from Contractors, Consulting Engineers, Owners, and Construction Vendors, in a forum that combines networking with education. We have been one of the most successful engineering organizations in New Jersey and it is my goal this year to maintain that high standard while seeking to involve more firms and more individuals. We ask that anyone who is not currently a member of NJPEC or whose firm is not a Sustaining Firm, consider registering. Whether you're a construction contractor, a designer of construction projects or in any way associated with the construction industry, the PEC is your organization and the people who attend our functions are your colleagues. Broaden your knowledge, broaden your contacts, and join us for an aggressive year with the PEC.

I'd like to thank in advance our Officers, our Executive Committee, and particularly Vittoria Collins, and John Clearwater, PE for their dedication, support and help in the success of our upcoming year.

Sincerely,

Joe Griffin, PE
Chairman, PEC of NJ

PEC NEWS

2012 -13 Schedule

<u>Date</u>	<u>Event</u>	<u>Location</u>
9/27/12	Statnamic Load Testing Seminar	Pines manor - Edison, NJ
10/23/12	Fall Membership Meeting and Executive Committee Meeting GRL on Wave Equations Technical Presentation	Pines Manor - Edison, NJ
2/19-2/25-2013	National Engineer's Week	
2/21/13	Construction Unity Dinner and Executive Committee Meeting	Pines Manor - Edison, NJ
3/14/13	Engineering Career Day	
TBD	Sol Seid Student Interviews	Raritan Center Plaza II
4/26/13	Bonhag Dinner	Il Villaggio, Carlstadt, NJ
TBD	Spring Membership Meeting and Executive Committee Meeting	Pines Manor - Edison, NJ

Reminder to renew your 2012-13 Membership and Sustaining Firm Contributions
Thank you

**PEC MEETING ANNOUNCEMENT Technical Meeting:
Statnamic Load Testing Seminar
Earn 1.0 Professional Development Hour (PDH)**

DATE: Thursday, September 27, 2012
LOCATION: Pines Manor - Rt. 27, Edison, New Jersey
TIME: Cocktails 6:00 P.M. Dinner-7: 00 P.M.
PROGRAM - 8:00 P.M.

WELCOME: Joseph Griffin, P.E., Chairman

PRESENTER: Donald T. Robertson, P.E.
Applied Foundation Testing

PDH Certificates {1.0 Hour} will be available to be picked up at the registration desk at the end of the presentation.

Please register by Sept. 21, 2012 - PRINT all information clearly for your name tag and certificate information.

COST: \$55.00 If registered by 9/24 (Please make check payable to PEC of NJ) **Registrations after 9/24 will be \$65.00**

Please register _____ person(s) for the PEC Seminar, Thursday, Sept 27, 2012 at the Pines Manor - Edison, NJ. I am enclosing \$ _____.

Or visit website pecofnj.org to register and pay on-line

**Applied Foundation
Testing, Inc.**

PRESENTATION:

STATNOMIC load testing has been used extensively all over the world on bridges, high rise condominium structures, high rise office towers, military facilities, Corps of Engineers flood control structures, and various other commercial and public structures. It is a recognized test method by the Federal Highway Administration, over 20 State DOT's and it has been recognized by ASTM with its own designation, ASTM D7383. STATNOMIC Load Testing is a less costly, less time consuming, and less invasive alternative to an ASTM D1143 standard static load test. Although a relatively new load test method, there are hundreds of structures throughout the world that are supported on STATNOMIC tested foundations. The use of STATNOMIC testing has been widely accepted for all types of pile load testing as well as concrete column testing. It is becoming a standard of practice and a strong precedence for its use has already been established by the foundation and geotechnical industry in the United States. Please join us for an informative technical presentation on the theory and applications of STATNOMIC testing, presented by Applied Foundation Testing, the Leader in STATNOMIC Load Testing throughout the United States.

2012-2013

From: John Clearwater, Treasurer

Re: **2012/13 NJPEC SUSTAINING FIRM CONTRIBUTION**

OFFICERS:

Joseph Griffin, PE Chair
Michael Marks, PE Immediate Past Chair
Richard C. Kreppel, PE Chair Elect
John L. Clearwater, PE Vice-Chair
Dinesh Patel, PE Treasurer
Secretary

Once again we ask for your support as a Sustaining Firm of the NJPEC. Your continued support allows us to provide technical programs for continuing education in construction engineering and annual scholarships of \$10,000 to students pursuing degrees in civil engineering and construction technology. We look forward to receiving your contribution and thank you for helping our organization realize our scholarship goals.

2012/13 - NJPEC Sustaining Firm Contribution .. \$250.00
Additional Scholarship Fund Contribution \$ _____

Total \$ _____

The name of our firm on PEC letterhead and other publicity should read as follows **(please type or print)**:

Firm Name:

Person to whom future communications should be sent:

Name:

Title:

email address:

Note: While Sustaining Firm contributions may be deductible under the Internal Revenue Code, they are not deductible as charitable contributions.

THANK YOU FOR YOUR HELP AND SUPPORT.

Please make check payable to: **NJ PEC** - PO Box 6553
Edison, NJ 08818-6553

The 37th Annual Unity Dinner

FEBRUARY 21, 2013

PINES MANOR • EDISON, NJ

Cocktails: 6:00 pm (cash bar)

Dinner: 7:00 pm

Cost: \$55.00 per person

\$500.00 per table of ten

Please join us once again for this popular networking event. This annual celebration has largely a social purpose in bringing together the diverse interests of the Construction Industry in common recognition of our important role in building a better New Jersey and improving the quality of life of all our citizens. Recently, there has been increased emphasis on the need for transportation funding and other infrastructure as well as construction's positive impact on our economy. Each year we have government and industry leaders as our guests to bring messages focused on New Jersey's future and the Construction Industry's place in it. The scheduled speakers will be announced as the event approaches.

The registration form is included for your convenience. Register early as space is limited and this is a sellout event.

In cooperation with:

Associated General Contractors of NJ
Building Contractors Association of NJ
Construction Industry Advancement Program of NJ
New Jersey Alliance for Action
New Jersey Asphalt Pavement Association
New Jersey Concrete and Aggregate Association
New Jersey Society of Professional Engineers
Utility and Transportation Contractors Association

Reservation Form
2013 Unity Dinner
