

# TryEngineering TOGETHER

Powered by IEEE and In2Books

## Your company can help shape the future STEM workforce.

- 80% of future professions will require STEM expertise.
- Women and minorities represent just 25% of today's STEM workforce.
- By 4th grade,  $\frac{1}{3}$  of students have lost an interest in STEM.
- By 8th grade 50% have lost interest.

### LET'S CHANGE THIS TOGETHER!

Your company can sponsor a 3rd - 5th grade classroom through TryEngineering Together. This turn-key corporate social responsibility program provides a classroom in an under-resourced area with caring volunteer employee eMentors from your company, along with a compelling virtual platform designed to help spark student interest in pursuing STEM careers. It's easy, and a whole lot of fun!

## What is TryEngineering together?

A safe and secure STEM eMentoring platform that offers corporate volunteers a meaningful opportunity to provide students with the critical boost they need to fall in love with STEM and consider STEM careers in the future. In just a few hours per month, your employees can make a significant impact on a child's future.

**Demonstrate your company's commitment to the future. Become a corporate sponsor today.**

Pass it on! Share this card with the person in your company who manages corporate social responsibility. Encourage your company to help shape the next generation STEM workforce.
